

Acme App Localization Style Guide

Dummy style guide for testing crowdin style-guide upload.

1. Tone and voice

- Friendly and concise. Address the user directly (informal 'you').
- Avoid slang, idioms and humor that do not translate well.

2. Terminology

- Keep product names untranslated: Acme, Acme Cloud, Acme Sync.
- 'Sign in' / 'Sign out', never 'Log in' / 'Log out'.
- 'Workspace' is always translated with the approved glossary term.

3. Formatting

- Preserve placeholders exactly: {count}, %s, {{name}}.
- Keep HTML tags and their order; translate only visible text.
- Use sentence case for buttons and headings.
- Use locale-specific date, number and currency formats.

4. Length

- Button labels: max 20 characters where possible.
- Push notifications: max 90 characters.
